# Welcome Message

Director of Rugby

**Wymondham Rugby Club's strategic objective is to become the leading rugby club in Norfolk and a leading club in the Eastern Counties in terms of playing ability, social activities, and community actions. We will not fulfil our objective without the support of our sponsors.**

**Our senior men and women's sections are the shop window of the Club and we want to achieve two promotions for each of our senior men's teams in the next 4 years.**

**The Club has made significant investment in offering high quality coaching, strength and conditioning and physiotherapy support.**

**Our Mini and Youth sections are the largest and most successful in the County offering rugby from ages U6 through to U16 and Colts. The Youth section has been very successful over the years with numerous age groups winning the Norfolk Cup with some age groups fulfilling two sides.**

**The success in the Minis and Youth sections is critical: young people led by excellent coaching teams underpinned by the Club's core values. These young players are the future of our senior sides with many making the transition. I can proudly say that our senior sides consist of more than 80% home grown talent which is testament to the Club's junior system.**

**I feel truly honoured to be involved with such an exciting and ambitious club.**

Kind regards

Tom Armes

Director Of Rugby
